In 2010 the Hungarian section of the IBSSA represented the Hungarian security market in a significant extent – in cooperation with the Hungarian authorities and partner associations, promoting and supporting their work in this difficult economic and public safety situation.

The IBSSA Hungarian Section kept on publishing advertisements as well as security-related press campaign in the press organs dealing with Hungarian security matters.

## Hereby I wish to review the most significant works and activities of the IBSSA Hungarian Section in 2010:

- *In October we were sad to announce the decease of our beloved friend: police colonel Stephen Macsári, who was since its establishment the patronising member of the IBSSA, and Secretary of the Education and Qualification Department of the Hungarian Section.  
His sudden death was very poignant for all of us, and we feel now a deep sorrow for the loss of such an honest friend, a fair and reliable partner, a just man and an exemplary member of our association.*
- The Hungarian Section of IBSSA signed a Cooperation agreement with the Hungarian “Chamber of Bodyguards, Property Protection and Private Detectives”, which agreement exists since 24<sup>th</sup> August 2010
- The Hungarian Section of IBSSA signed a Cooperation agreement with NAPI Gazdaság journal – which agreement aims to level up the professionalism of the publications

- Mr. Csaba Kertész – President of the Hungarian Section of IBSSA signed a Cooperation agreement with Dr. Péter Fábíán – President of the Foundation “For Our Security”, in which agreement they agreed to collaborate, work together for a new security program and stand in with the civil security sphere, the public area surveillance and police together to create an even safer district.
- On the 9<sup>th</sup> October 2010 the XIII. International Ball of Bodyguards and Knights was organised by the Rózsa PR Agency. Main Patrons of the private event were the President of the International Bodyguard and Security Services Association (IBSSA) and the Grand Master of the Sovereign Order of Saint John of Jerusalem, Knights of Malta, Federation of the Autonomous Pories (KMFAP).
- IX. SEC-tember: (September 20-25)  
Numerous members of the IBSSA Hungarian Section took an active part in the management and promotion works of this significant event, which is the yearly international special security training course of IBSSA.

The Hungarian Section of IBSSA thinks it important to represent its members during the Hungarian security forums and discussions, therefore we re-launched and activated again the IBSSA Hungarian Association, and during our monthly club meetings we find it important to present the new, world-class products of all the companies of the security market, as well as the fruitful co-operation with our partner- and member organizations, prepare laws, and also important to assist governments, local authorities and law enforcement agencies.
