### **Israeli Military system of Self Defense KRAV MAGA**

We, IBSSA, must be again, in the leading line in the world war against the terror.

One of the major conclusions of the investigations of the four aircraft's, crashed in New York and Washington, is the great danger in helpless aircraft crew during the terrorists attack with knives. It must be realized that basic self-defense and knife fighting skills would may change the total outcome of that tragedy.

I would like to offer to our IBSSA members, our professional team to run courses, clinics and seminars in the field of Self-Defense, Krav Maga, and special program of Knife Fighting. We would like to advise to all those professional courses. The courses are for general public, professionals in civil services, companies and government officials.

Our special training programs are developed and well experienced in the Israeli Security Services as a most effective system. For inquiries, please contact IBSSA General Secretary, Dr. Rony Kluger.

Dr. Rony Kluger  
General Secretary of IBSSA  
Head of the Israeli Military Sytem of Self Defense– Krav Maga
